7.3.1: Portray the performance of the Institution in one area distinctive to its priority and thrust

The institute has been always making efforts to achieve newer heights to fulfil the vision. Prioritising ways for attaining the mission of imparting quality education and providing facilities for acquisition of knowledge to all the strata of the society are the objectives of all the stakeholders. We have amalgamated maximum facilities and programmes under one roof. Starting with few basic courses at undergraduate level, now the institute has three undergraduate programmes in the Faculty of Humanities, Commerce and Management, Science and Technology. Similarly, there are Two Postgraduate programmes in the Faculty of Humanities and Science and Technology. In order to foster a research environment, the institute has Five recognized Research Centres for Ph.D. programmes in the Faculty of Commerce & Management and Humanities. The research carried out is community based preferably on issues of the vicinity.

Similarly, the institute has a centre of Yashwantrao Chavan Maharashtra Open University, Nashik, (YCMOU, Nashik) which runs distance learning programme in B.A., B.Com. M.A.- Public Administration and English, M.Com for the students. What makes our college distinctive is that this college has maximum opportunities of learning through almost all courses from under graduation to research with maximum facilities and infrastructure.

College, being a prominent educational institute, is well prepared to meet the challenges of a rapidly changing techno savvy world. The primary focus of institute is on excellence in core mission activities of teaching, secular approach, conscious efforts to promote values, inclusiveness of all diversities, extension and outreach activities, practically focused quality learning experience empowering students by providing them with all possible opportunities in various fields, wide range of extension activities through NSS. Experiential learning methods are intensively used. The Department of sports has mentored number of students for the performance of sports activities which has shown extra ordinary talents and brought medals to the institute. The core vision of the institute is student centred. We attempted to maximize academic skills, social skills, athletic skills and entrepreneurial skills of our students.

Students are encouraged by providing them with adequate opportunities in all forums and appreciating them for their efforts. Earn & Learn Scheme has been implemented in the institution under which five students are given earning with learning support. Some of the prominent facilities are

Canteen, Career Counselling Cell, Teachers have sponsored awards, prizes and scholarships to students. Language Laboratory, Yoga & Meditation Centre,

Gym and Fitness Centre, Indoor Sports Facility. In the CORONA pandemic period, we have successfully organised vaccination camps. Another important thing which makes this college distinguishable from others is that the college provide higher education facility to the deprived section of the society, they are mostly the farmers and farm workers sons and daughters. Keeping in view the vision of institute, we have strived hard to achieve the mission and goals to impart quality education to poor, downtrodden masses and provided facilities for equitation of knowledge, information and advancement of culture.

The Management, teaching staff and supporting staff have been working unitedly to achieve our objectives of building a knowledgeable society by effectively blending the quality teaching, research and employability. Special Guidance is provided by the best teachers who are very empathetic and compassionate. Decentralization of administration is effectively implemented through IQAC. The quest for excellence has to be fulfilled, a value system has to be inculcated, and global competencies are to be fostered for creation of the personality of the student to contribute in National development. The infrastructural adequacy and academic ambience is important as most of the students come from the so called backward strata. Not only have we assembled the systems-the building, infrastructure, stakeholders, human resources, but also we have handled these skilfully with a skilled, focused expertise. This is not a mere coincidence but is the dream come true of the mission of the great educationist, a national leader and our Founder President Dr Punjabrao Deshmukh who led the nation. An institution of such a stature is created in a Town like Big Village having tehsil office, Patur is in one of the leading institutions in the vicinity. The college campus is beautifully nurtured with different plants and trees. This is one of point of attractions due to which many students take admissions. The student who belong to different socio-geographical background instanced by the feeding from 39 villages from hilly areas of forest are provided with the higher education, quality higher education facility. The institution has maintained a perfect academic environment since its inception in the year 1966.
